GT90X

3 LEVEL TELESCOPIC SHELF SET

Telescopic shelf support set with 3 levels, suitable for use on all built in 90cm ovens and all 90cm Opera range cookers.

PPR1

UNIVERSAL PIZZA STONE

Fits all 60cm built-in ovens except the steam ovens and microwave ovens.

PAL

PIZZA SHOVEL

Wooden handled shovel to place pizzas on to the stone safely and easily, and to take them out when ready.

PR7A2

PLATE RACK

The PR7A2 is a chrome 7-plate warming rack which fits the small oven in the A2 and SUK92 range cookers. A slightly larger 9-plate version, the **PR9A3**, fits the A3 Opera cooker.

Telescopic shelf supports fit the majority of 60cm built-in ovens and a number of range cookers that incorporate the 60cm oven. The only exceptions are the Piano Design ovens, pyrolytic and compact ovens and the S201X, in addition to some 60cm cookers, this is because they do not have the anchor points needed for the chrome shelf supports. The telescopic supports allow the shelves to be extracted smoothly and safely, and add an extra dimension to the quality of the oven furniture.

GO120

CAST IRON OPEN GRIDDLE FOR BARBECUE

The GO120 is intended to replace the Teflon plate on Opera range cookers with the electric griddle, to convert it to a barbecue.
